

SALES LIST OCT 2008

PET QUALITY MALE

\$550.00 inc GST

Bryn-Aitken "Kuzco" – 6 months old, white male. Good natured and halter trained, ready to go to a new home. Must have a fellow alpaca for company!

SIROCCO "BOOTS"	DOB: 19/5/04	Medium Fawn	\$1,650 inc GST
----------------------------	---------------------	--------------------	------------------------

Boots is a pretty medium fawn girl, with white boots, neck and face markings. Her background includes Highlander/Brigantine & Ledgers Dream. Her sire is Combe Hill Leonardo (rose grey) and dam is Sirocco Jessica (MF). She is for sale on her own or as part of a special package deal with her five month old daughter (see below). Boots is ready to be mated now and a mating to the sire of your choice (light fawn or grey) is included in the price.

WINTON "JAY"	DOB: 16/6/02	Solid Light Fawn	\$1,650 inc GST
-------------------------	---------------------	-------------------------	------------------------

Yes – she spits! But at this price, Jay is the ultimate bargain for anyone wanting to boost their herd with a proven breeding female and outstanding genetics. Jay will give you access to Purrumbete Highlander and Jolimont Diodoro genetics and she also has two grey grandparents. Her latest cria, Lewys, (to our award-winning sire Millduck Ethan) is stunning with a magic fleece, great conformation and dense coverage. He also has a great personality! We were thrilled with Lewys and have repeated this mating combination. The next Jay/Ethan cria is due in May 09.

WEIR VIEW "EVE"	DOB: 31/12/06	Solid Light Fawn	\$1,800 inc GST
----------------------------	----------------------	-------------------------	------------------------

Eve is a mild-mannered daughter of Jay (above). She is a well-fleeced young maiden who is ready to be mated. She carries both the legendary Inti and Highlander bloodlines. She is light fawn but has a coloured background on both sides including black and rose grey. A mating to either of our award winning sires (Light Fawn or Dark Grey) is included in the price.

DAVIDALLA "ALLEGRA"	DOB: 5/3/98	Solid Mid Fawn	\$2,200 inc GST
--------------------------------	--------------------	-----------------------	------------------------

A Highlander daughter who is producing show quality offspring. Allegra has been the foundation of our breeding program. She is an easy to handle, reliable female and great mum. She is the mother and grandmother of show winners and is consistently producing much improved next generation cria. She has produced two grey daughters and she has been re-mated to Lee Carrow Shaka (Dark Grey). She is a regretful sale; however we are retaining two of her daughters, and her granddaughter, for our elite-line breeding program. Cria due: March 2009.

MUM & BUB – SPECIAL DEAL . . .

SIROCCO "BOOTS" & BRYN-AITKEN "MAGGIE-MAY"	Mum & Daughter	Medium Fawn – DOB: 19/5/04 & Brown and White – DOB: 15/5/08	\$3,000 inc GST
---	-----------------------------------	--	----------------------------

Boots (above) is available for sale with her four-month old female cria, Maggie-May. Maggie is a pretty 'fancy' sired by Millduck Ethan, an award-winning son of the legendary PPPeruvian Auzengate. This is essentially a three-in-one package deal as Boots will be sold pregnant.
